

About M.A.D.E.

Mobident Academy for Dental Excellence has been established by Doux Dentistry P Ltd, as a part of its journey towards creating the largest single talent pool of Dentistry Practitioners in India.

Mobident Academy for Dental Excellence is located at Bangalore, India. The Academy follows a formal charter and code of conduct. It currently offers a Fellowship for its employees to learn and practice the “Mobident Way” of Community Dentistry.

Mobident Academy for Dental Excellence follows a finishing school concept to train, skill and certify Dentists as ‘Family Dentists’.

Our Dentists learn the art and science of finely balancing Patient Centric Behaviours with a strong commitment to Practice Excellence [“Mobident Way”]

Infrastructure & Systems

M.A.D.E. equips its doctors in the best possible way to function round the clock – our unique clinics are completely mobile which uses state of the art equipment sourced and / or developed with in house R&D.

M.A.D.E. also provides complete support to its doctors and support staff through software and an automated back office staffed by competent well trained service and program coordinators.

Training & Certification at M.A.D.E.

At M.A.D.E. we follow a formal training and certification process that includes a yearly commitment of time and effort towards –

- Skill enhancement
- Professional seminars
- Research
- Case submission
- Knowledge contribution to M.A.D.E.
- Learning, Research and Teaching Credits towards Fellowship Program

Fellowship Pathway

M.A.D.E. offers fellowship to its Dentistry Practitioners as recognition of professional credentials depending on their knowledge, field experience, research and learning orientation.

The fellowship is directed at creating a benchmark in the industry based on meritocracy and the ability to mentor others.
